| Catalog Description                                      |  |
|  | Miniature Circuit Breaker - S200P - 3P - C - 6 ampere  |
| p<br>Long Description (1)                                | em pro M compact S200P miniature circuit breakers are current limiting. They have<br>two different tripping mechanisms, the delayed thermal tripping mechanism for<br>overload protection and the electromechanic tripping mechanism for short circuit<br>rotection. They are available in different characteristics (B,C,D,K,Z), configurations<br>P,1P+N,2P,3P,3P+N,4P), breaking capacities (up to 25 kA at 230/400 V AC) and rated<br>rents (up to 63A). All MCBs of the product range S200P comply with IEC/EN 60898-<br>1, IEC/EN 609 47-2, UL1077 and CSA 22.2 No. 235, allowing the use for residential,<br>commercial and industrial applications. Bottom-fitting auxiliary contact can be<br>mounted on S200P to save 50% space. |
