

- |                                       |                                |
|---------------------------------------|--------------------------------|
| 1 Product Name:                       | BLHK12-3PW                     |
| 2 Cable Length (cm) :                 | 40                             |
| 3 Square wire (mm2) :                 | 2 * 0.3                        |
| 4 Outer diameter of the nut (mm) :    | 15                             |
| 5 pin:                                | 3                              |
| 6 Wire Material:                      | PVC, silicone, rubber.         |
| 7 Terminal Material:                  | φ 1.5mm phosphor bronze, brass |
| 8 Outside diameter of the wire (mm) : | 3.5mm-5.3mm                    |
| 9 Rated voltage:                      | 250V / 1500V pressure          |
| 10 Rated Current:                     | 2.5A-6A                        |
| 11 Wire temperature:                  | (-) 40 °C - 120 °C             |

12 Scope:

Air conditioners, refrigerators, washing machines, submersible pumps, LED lights, LED driver power supply, LED display, lighthouses, boats, industrial equipment, communications equipment, automotive cable, electric tools.
